

17/09/2013

TUESDAY **9.00 - 13.00**

Lecture Hall, Moravian Gallery Brno,
Museum of Applied Arts
Husova 14, Brno

NEUROPATHIC PAIN – FROM MECHANISM TO TREATMENT

09.00 - 10.30 Lectures

Prof. JOSEP VALLS SOLÉ

Hospital Clinic, Department of Neurology, University of Barcelona, Spain

„Neurophysiological assessment of painful neuropathies“

Prof. DAVID YARNITSKY

Department of Neurology, RAMBAM Health Care Campus, Haifa, Israel

„Static and dynamic quantitative sensory testing“

Prof. LARS ARENDT-NIELSEN

Centre for Sensory-Motor Interaction, Department for Health Sciences and Technology, Aalborg University, Denmark

„Quantitative Assessment of Pain Sensitisation in Chronic Pain“

Coffee Break (30 min)

11.00 - 12.30 Lectures

Dr. EVA VLČKOVÁ

Department of Neurology, Faculty Hospital and Applied Neuroscience Research Group, CEITEC, Masaryk University, Brno, Czech Republic

„Do central modulatory mechanisms predict development of pain in multiple sclerosis?“

Prof. JOSEF BEDNAŘÍK

Department of Neurology, Faculty Hospital and Applied Neuroscience Research Group, CEITEC, Masaryk University, Brno, Czech Republic

„Pathophysiology of diabetic peripheral neuropathic pain“

Prof. PETR DUBOVÝ

Department of Anatomy and Cellular and Molecular Neurobiology Research Group, CEITEC, Masaryk University, Brno, Czech Republic

„Cytokines in the dorsal root ganglia of experimental neuropathic pain models“

Round Table (30 min)

Lunch
